TECHNICAL SHEET

ACCESSORIES

HARD WEAR STRETCH belt

MC4956Z9

MATERIALS

85% polypropylene, 15% elastane.

DETAILS

- Nickel-free, hypoallergenic, and functional metal buckle;
- Quick and easy locking system for intuitive and secure adjustment;
- 40 mm strap for increased durability;
- Maximum length 125 cm, suitable for various body types.

FEATURES

Work belt designed to offer durability, practicality, and comfort during daily use. Equipped with a nickel-free metal buckle, it is also ideal for those with skin sensitivities or allergies. The quick and intuitive locking system allows for easy and secure adjustment, while the 40 mm strap ensures greater longevity, even under intense working conditions. With a maximum length of 125 cm, it perfectly adapts to various body types, ensuring a stable and comfortable fit.

MAINTENANCE

Store in a cool and dry place, away from heat sources and protected from light.
